## Sprint Delivery Plan

| Date          | 25November2022                              |
|---------------|---|
| Team ID       | PNT2022TMID14548                            |
| Project Name  | Project – IOT-Based Safety Gadget for Child |
|               | Safety Monitoring and Notification          |
| Maximum Marks | 4 Marks                                     |

## **Product Backlog, Sprint Schedule, and Estimation (4 Marks)**

| Sprint   | Functional<br>Requirement (Epic) | User Story<br>Number | User Story / Task   | <b>Story Points</b> | Priority | Team Members                         |
|----------|----------------------------------|----------------------|---|---------------------|----------|--------------------------------------|
| Sprint-1 | Registration                     | USN-1                | As a user, I can register for the application by entering my email, and password, and confirming my password. | 4                   | High     | BOLLENENI<br>VENKATA SAI<br>NISHITHA |
| Sprint-1 | Confirmation Email               | USN-2                | As a user, I will receive a confirmation email once I have registered for the application                     | 4                   | High     | GADIKOTA<br>VAISHNAVI                |
| Sprint-1 | Authentication                   | USN-3                | As a user, I can register for the application through Gmail and mobile app.                                   | 4                   | Medium   | BOMMISETTY<br>KEERTHI SAI            |
| Sprint-1 | Login                            | USN-4                | As a user, I can log into the application by entering email & password  | 4                   | High     | KONETI KAVYA                         |
| Sprint-1 | Dashboard                        | USN-1                | As a user, I need to be able to view the functions that I can perform   | 4                   | High     | BOLLENENI<br>VENKATA SAI<br>NISHITHA |
| Sprint-2 | Notification                     | USN-1                | As a user, I should be able to notify my parent and guardian in emergency situations                          | 10                  | High     | BOMMISETTY<br>KEERTHI SAI            |
| Sprint-2 | Store data                       | USN-2                | As a user, I need to continuously store my location data into the database.                                   | 10                  | Medium   | GADIKOTA<br>VAISHNAVI                |

| Sprint-3 | Communication                             | USN-3,1              | I should be able to communicate with my parents                                  | 6                   | Low      | KONETI KAVYA   |
|----------|---|----------------------|--|---------------------|----------|--|
| Sprint   | Functional<br>Requirement (Epic)          | User Story<br>Number | User Story / Task  | <b>Story Points</b> | Priority | Team Members   |
| Sprint-3 | IoT Device – Watson communication         | USN-1,4              | The data from IoT device should reach IBM Cloud                                  | 7                   | Medium   | BOLLENENI<br>VENKATA SAI<br>NISHITHA,<br>BOMMISETTY<br>KEERTHI SAI |
| Sprint-3 | Node RED-<br>Cloudant DB<br>communication | USN-1,2              | The data stored in IBM Cloud should be properly integrated with Cloudant DB      | 7                   | High     | BOLLENENI<br>VENKATA SAI<br>NISHITHA,<br>KONETI KAVYA              |
| Sprint-4 | User – WebUI interface                    | USN-1,4              | The Web UI should get inputs from the user                                       | 6                   | High     | BOMMISETTY<br>KEERTHI<br>SAI,GADIKOTA<br>VAISHNAVI                 |
| Sprint-4 | Geofencing                                | USN-2,3,1            | The geofencing of the child should be done based on the geographical coordinates | 7                   | High     | GADIKOTA<br>VAISHNAVI,KONETI<br>KAVYA                              |
